**203 NON-COLLUSIVE BIDDING CERTIFICATE**

By submission of this bid, each bidder and each person signing on behalf on any bidder, certifies, and in the case of joint bid, each part thereto certifies as to its own organization, under penalty of perjury, that to the best of his/her knowledge and belief:

- (a) The prices in this bid have been arrived at independently, without collusion, consultation, communication, or agreement, for the purpose of restricting competition, as to any matter relating to such prices with any other bidder or with any competitor;
- (b) Unless otherwise required by law, the prices which have been quoted in this bid have not been knowingly disclosed by the bidder and will not knowingly be disclosed by the bidder prior to opening, directly or indirectly to any other bidder or to any competitor; and
- (c) No attempt has been made or will be made by the bidder to induce any other person, partnership, or corporation to submit or not to submit a bid for the purpose of restricting competition.

**NOTE:**

Chapter 675 of the Laws of New York for 1966 provides that every bid made to the State or any public department, agency, or official thereof, where competitive bidding is required by statute, rule or regulation, for work or services performed or to be performed, or goods sold or to be sold, shall contain the foregoing statement subscribed by the bidder and affirmed by such bidder as true under the penalties of perjury.

A bid shall not be considered for award, nor shall any award be made, where (a), (b), and (c) above have not been complied with; provided however, that if, in any case, the bidder cannot make the foregoing certification, the bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefore. Where (a), (b), and (c) above have not been complied with, the bid shall not be considered for award nor shall any award be made unless the head of the purchasing unit of the State, public department, or agency to which the bid is made, or his/her designee, determines that such disclosure was not made for the purpose of restricting competition.

The fact that a bidder has published price lists, rates, or tariffs covering items being procured, has informed prospective customers or proposed or pending publication of new or revised price lists for such items, or has sold the same items to other customers at the same prices being bid, does not constitute, without more, a disclosure within the meaning of the paragraphs (a), (b), and (c) above.

Any bid hereafter, made to the State or any public department, agency, or official thereof by a corporate bidder for statute, rule or regulation, and where such bid contains the certification set forth above shall be deemed to have been authorized by the board of directors of the bidder, and such authorization shall be deemed to include the signing and submission of the bid and the inclusion therein of the certificate as to non-collusion as the act and deed of the corporation.
